

Apply For Rebates & Tax Credits

- Federal Tax Credit**
If you purchased your PEV, you can fill out tax form 8936 at tax time. If you leased your PEV, this tax credit was rolled into your lease price.
www.irs.gov/pub/irs-pdf/f8936.pdf
 - CA Clean Vehicle Rebate Project**
Fill out the application by clicking on the “apply now” link below the eligible vehicle you purchased.
www.EnergyCenter.org/cvrp
 - Local Incentives**
Apply for any local incentives that your area may offer.

Get Set up With Charging

- Home Charging**
By this time you’ve consulted with your auto dealer and determined if they will coordinate installation of your home charging or not, and have likely selected a specific charger model to be installed.

If you’ve chosen level 2, it is now time to contact your local utility to coordinate installation and to get the best electricity rate for charging your car.

- Charging Infrastructure Rebates**
Sign up for any charging rebates that apply to you.
www.DriveClean.ca.gov/pev/Incentives.php
- Public & Workplace Charging**
If there is not already PEV charging at your workplace, you may want to request it. More and more businesses are finding value in installing workplace charging.

-

Apply For Discounts & Perks

- Utility Discounts**
If you haven’t already, it’s time to contact your electric utility for their assistance and to determine the best electricity rate plan for you.
 - Insurance Discounts**
Contact your insurance company to receive any discounts they may offer.
 - Free or Preferential Parking**
If your city or those surrounding you offer special parking programs, make sure you know what the rules and restrictions are, and fill out any necessary forms.
